

EXECUTIVE ADMIN SUPPORT SAMPLE

Executive VA Portfolio • Demonstration Workflow

Scenario

A small business owner needs a cleaner system for managing incoming requests, priorities, follow-ups, and recurring administrative work.

This sample demonstrates how an Executive VA can turn scattered requests into an organized operating rhythm.

Daily Priority Tracker

Priority	Task	Owner	Status	Next Step
High	Client escalation review	VA	In Progress	Prepare summary
High	CRM follow-up queue	VA	Pending	Complete overdue items
Medium	Weekly reporting	VA	Scheduled	Update metrics
Low	File organization	VA	Queued	Archive completed files

Inbox & Follow-Up Method

1. Identify urgent/time-sensitive requests.
2. Separate action items from information-only messages.
3. Convert commitments into tracked tasks.
4. Record deadlines and owners.
5. Review outstanding items before end of day.

Executive Support Principles

Protect priorities • Keep information organized • Communicate clearly • Surface risks early • Close the loop on commitments
